

# PALTZ.

## 17C

Integrated palletizing work cell

- skewed conveyor

The simplest, most easy-to-use palletizing solution on the market.

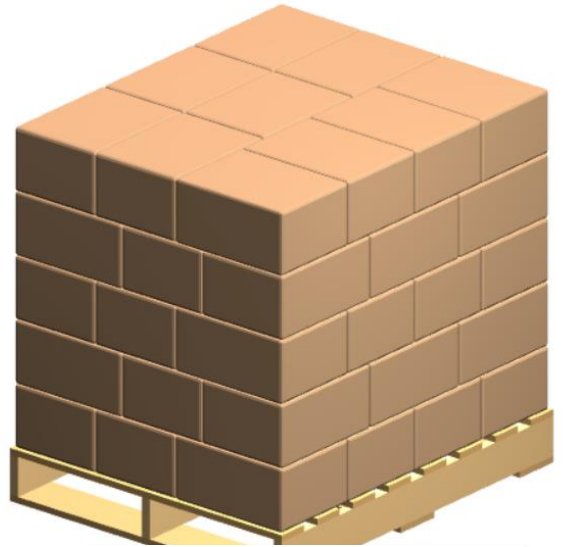

# PALTZ.17C

## *No, no, no.*

*No programming, no calibration, no technical skills.*

### Specifications

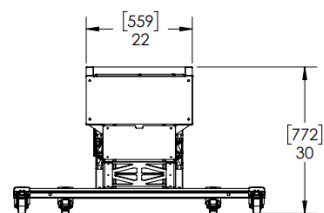

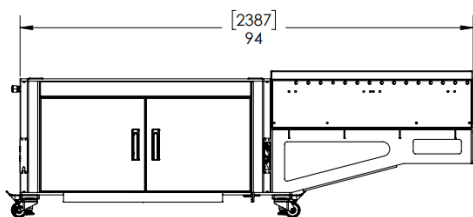

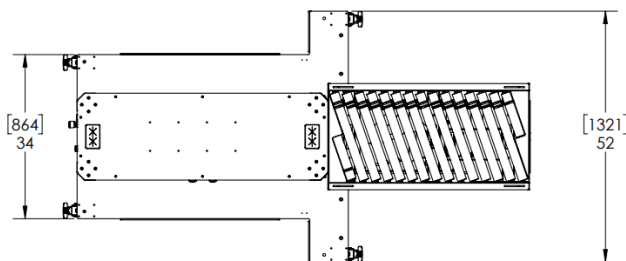

- Capacity 18 kg
- Two palletizing zones
- Pallet size up to 48in. x 48in.
- Pallet locators with sensors
- Infeed skewed conveyor
- Product presence sensor
- Pneumatic or electric gripper
- Palletizing software
- 13" touch screen HMI
- Painted steel structure
- Painted steel transfer plate 1/2"
- Pneumatic kit (F+R 3/8" or 8mm)

Automatic pallet

### Dimensions

Automatic  
pallet  
pattern  
generator

Palletizing made simple.

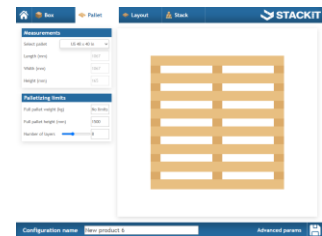

## Box

- Case dimensions
- Case weight
- Label position

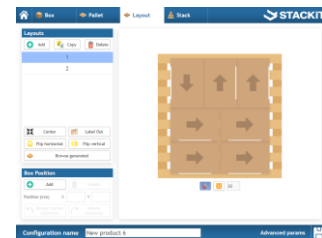

## Pallet

- Pallet dimensions
- Max. stacked pallet weight
- Max. stacked pallet height
- Number of layers

## Layout

- **\*UNIQUE\***
- Automatic pallet pattern generator or Manual case positioning

## Stack

- Layers configuration
- Straight or alternate pattern
- Slipsheet positioning
